

optima KLEURENKAART

U kiest uit een breed kleurenpalet

De OPTIMA kleurenkaart presenteert een overzicht van alle beschikbare kleuren voor onze fronten, werkbladen en decoratieve 3D-panelen op maat.

Deze kleurenkaart is een onmisbare bijlage aan de algemene OPTIMA catalogus. In deze catalogus werd bij elk gepresenteerd model een pictogram toegevoegd die verwijst naar de pagina in deze kleurenkaart en aangeeft in hoeveel kleuren het kan worden besteld. Zo kan u alles snel raadplegen.

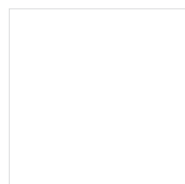

Aangeduid met een pictogram, zijn de Lak-modellen verkrijgbaar in andere kleuren (behalve metallic modellen). Gewoon de kleurcode vermelden van RAL, SIKKENS, NCS of PANTONE volstaat.
